

25 January 1985

MEMORANDUM FOR: Director of Central Intelligence

FROM: George V. Lauder
Director, Public Affairs

SUBJECT: Speaking Requests

1. Action Requested: Indicate your interest in addressing the following organizations.

2. Background: Since the beginning of the year, we have reviewed past requests from groups that you have expressed some interest in addressing but whose invitations you were unable to accept due to scheduling problems. If you desire, we could revisit the invitations of the following high-caliber organizations and see if there is now a suitable time for you to address these groups.

Opposite are memoranda of past invitations from the following organizations:

Business Council for International Understanding--New York, Pittsburgh, or Houston.

(An influential business group. Forum would be similar to the Pacific Union Club).

Aerospace Industries Association of America--Spring Conference in Williamsburg, VA.

(You accepted this one but later had to cancel because of the President's visit for the groundbreaking ceremony).

International Industries Association of America, Inc.--Washington, D.C.

(A prestigious group. We could arrange for a small gathering and exclude foreign nationals who are members).

3. Recommendation: None. If you are interested, please place a check mark by the appropriate group and I will explore options with these organizations.

George V. Lauder
